# Chi siamo WHO WE ARE

La nostra è un'azienda italiana che da oltre 90 anni si dedica alla produzione di pavimenti in legno, la cui storia vede come protagoniste diverse generazioni che si tramandano i segreti della lavorazione del legno come un tempo. Tenendo sempre ben presenti le nostre radici, continuiamo a svilupparci ponendo grande considerazione per l'innovazione, che ha condotto allo sviluppo progressivo dei nostri impianti produttivi tecnologicamente all'avanguardia. Di pari passo ha assunto, per noi, sempre più importanza la sensibilità verso l'evoluzione del mondo dell'architettura e del design, concretizzandosi nella proposta di linee di grande prestigio e modernità, nate dalla collaborazione con studi di architetti e designer italiani.

Ours is an Italian company that from over 90 years is dedicated to production of wood floors, whose history has as character many family generations who hand-down secrets of wood milling, as in the past. Always keeping roots and origin in mind, we continue to evolve with a special attention to innovation, that has taken to the progressive development of new technologies production machineries systems. At the same pace, for us it has assumed much more importance, sensibility to evolution of world of architecture and design that has take shape in collections of luxurious and modern wood floors, born in collaboration with Italian architecture and design studios.

# ESSENZE WOOD SPECIES

---

Ogni essenza presenta caratteristiche diverse sia dal punto di vista tecnico che cromatico. Abbiamo scelto di lavorare solo le migliori essenze che garantiscano durabilità e resistenza nel tempo.

Each wood specie presents different characteristics both from aesthetic and technic point of view. We have decided to work only with the best wood species that can guarantee resistance over time.

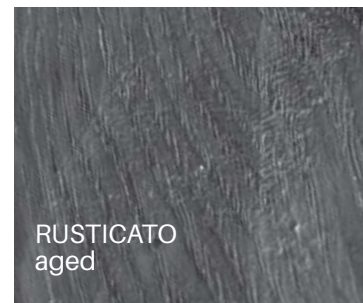

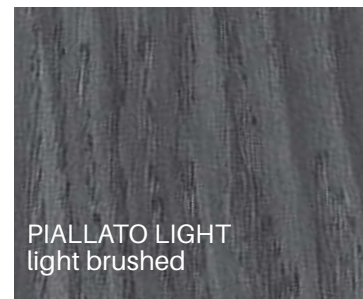

# FINISHES

# FINITURE

---

Il nostro laboratorio artigianale realizza con maestria prodotti unici e irripetibili, attraverso una profonda conoscenza della materia prima. Nascono così pavimenti di qualità e con un grado di personalizzazione tali da soddisfare le richieste più esigenti. Grazie alle varie lavorazioni è possibile valorizzare maggiormente il legno, permettendo così di viverne totalmente la naturalezza.

Our workshop creates with mastery unique and unrepeatable products, through a deep knowledge of raw material. So, this is how quality wood floors are born, these have a degree of personalization such as to satisfy requests of the most demanding customers. Thanks to the different kinds of finishes available it is possible to further enrich wood, allowing to live in total its naturalness.
